

Notice for FTCA Deemed Health Centers

Recently, despite the many ways in which the federal status of Section 330 Health Center Program grantees is advertised or otherwise made known to the public, concerns have been raised that health centers can do more to make known their related federal status. Accordingly, HRSA encourages FTCA deemed Section 330 health centers to add the following information to your health centers' and subrecipients' website homepage and in other appropriate locations:

This health center is a Health Center Program grantee under 42 U.S.C. 254b, and a deemed Public Health Service employee under 42 U.S.C. 233(g)-(n).
